INTRODUCTION

We put us know -how & Experience at the service of our clients to enhance their marketing initiatives. Vanguard is a United Emirates Based company that has a portfolio with several businesses, all related of all types of construction Field.

BNT (Belad Al Nahrain Transport by Heavy Trucks) was the first company of the group to be born, back in 2005.

Until 2019, all group operations were concentrated within this single company. But with new differentiated business being launched, it seemed obvious that I was necessary to unify everything, so a new company was born: Vanguard General Contracting L.L.C

What drives our business?

Vanguard General Contracting relies on the demand for engineering and construction services that support gross fixed capital information.

The group has a clear strategy of using its collective skills and understanding of markets to develop unique value proposition to clients.

The group's decades of experience, innovation and exceptional people differentiate our approach to delivering integrated solutions notwithstanding the diversity and complexity of any exponentially changing environment.

Since beginning we were involved as a BNT in construction field work as sub-contractor for machineries. After many requests for additional steel structural work by our trusted clients, we worked on how to improve our self, trying to do many works not only related to machineries.

Day by day, after improving our team skills to be capable to do a general contracting works, we lunched Vanguard General Contracting to be meet clients and market needs in Industrial buildings field and infrastructural works.

OUR VALUES

- Quality and safety first
- Monitoring continuous improvement through learning and development
- Innovation and creativity in solving problems
- An empowered, committed and motivated workforce

We offer expertise and services in the following areas of work...

- **Design of Hot Rolled Structures**
- Fabrication and erection of steel structure.
- Infrastructures works as pipelines and hardscaping works.
- Formwork.
- Site erections of steel structures.
- Turn key industrial projects.

QUALITY POLICY

Every employee of **VANGUARD** shall ensure the satisfaction of our customers by providing them with the best value in every product and service that carries the name of **VANGUARD**.

VANGUARD will create and retain satisfied customers, offering for sale products or services, which respond to customer's expectations.

Our customers will be supplied with products and services of a given quality, to be delivered by or be available by a given time, and to be of a price which reflects value for money.

The policy of the company, for the manufacture and construction of the work and the services it provides, is clearly defined and meets the requirement of quality.

VANGUARD places particular emphasis on:

- Operation and maintenance of a safe system of work.
- Consistent achievement of the specified quality.
- Economy of manufacture and construction activities.
- Provision of Training and Instruction planned to suit identified needs.
- Adherence to programs with best practices, and to comply with all applicable requirements.
- Continual improvement of the effectiveness of the QMS in all spheres, by establishing and reviewing quality objectives.

These continual practices show that our internal requirements are being met, whilst maintaining our client's requirements for examination, testing, checking and certification while working within project specifications and schedules.
